

If you have a passion for interior design and enjoy building relationships in the local design community, a Design Within Reach studio is the place for you! Our Studios serve as both a retail environment and as community centers for design, inviting constant interaction between the customer, our furniture and our team. DWR's Studio Account Executives are product and sales experts who work to tell the story behind the product by esteemed designers such as Charles and Ray Eames and Jens Risom as well as leading manufacturers like Herman Miller and Knoll. Account Executives grow their client network through in-home visits to clients and trade visits to local industry firms and professionals.
